SHINY DASHBOARD

How the nozzle-tip
MA product works

How a competitive product
works

Dashboard cleaning agent. Cleans and maintains all plastic components inside the car. Antistatic agent. Reduces dust re-deposition. Leaves the cleaned surfaces shiny, adding some pleasant fresh fragrance. Delays the plastics aging process.

The new, two-phase formula penetrates the surface, protecting it from UV radiation, and leaving a polished layer on the outside. Contrary to traditional products, they do not contain solvents, which guarantees their excellent scent and complete safety for the user.

Quick and economic cleaning liquid with the "bloody wheel" effect, which reacts with strong contaminants. Removes stubborn stains from all types of steel, aluminum, chromium-plated and varnished rims.

KTM: **19-601**
Capacity: 750 ml
12 pcs. 5 905694 016229

PRODUCTS FOR TYRES
TYRE MAINTENANCE PRODUCT

Tyre maintenance agent for making your tyres shiny in a quick and effective way. The surface of rubber becomes flexible when applied regularly. The user only needs to spray the cleaned surface directly.

KTM: **19-022**
Capacity: 520 ml
12 pcs. 5 905694 001218

TYRE CARE MILK

Tyre maintenance and care product. Restores a deep colour of your tyres, producing a subtle gloss effect. Thanks to silicone emulsion contents, the solution guarantees long-term protection against matting, discolouring or cracking. Thanks to its anti-static properties, the surface shined stays clean for a long time. Sufficient for even 40 tyres.

KTM: **19-585**
Capacity: 750 ml
12 pcs. 5 905694 013297

TYRE FOAM

Tyre care foam that protects the tyre from aging, cracking and easy soiling. It protects against weather conditions and deposition of dirt and dust. Regular use allows for regenerating the rubber of tyres and restores the colour's intensity. The amount is sufficient for 30 tyres.

KTM: **19-584**
Capacity: 520 ml
12 pcs. 5 905694 013228

ENGINE CLEANER

Effective product intended for washing engines and car components. It removes oils and lubricants from the cleaned surfaces and other persistent dirt perfectly and quickly. Biodegradable.

KTM: **19-048**
Capacity: 750 ml
12 pcs. 5 905694 001683

ENGINE DOKTOR

Engine regenerator, seals piston rings, increases compression and oil pressure. It restores power and acceleration.

KTM: **19-067**
Capacity: 444 ml
24 pcs. 5 905694 006237

MOTO START ENGINE SELF START

Ether product for starting the engine. Safe for all types of engines. Effective at temperatures to -50°C.

KTM: **19-553**
Capacity: 400 ml
24 pcs. 5 905694 005018

OUTER SURFACE CLEANING

BUMPER MAINTENANCE AGENT

Restores the new look of plastic bumpers, spoilers and exterior trims in all colours. Forms a layer protecting against the harmful effects of weather conditions.

KTM: **19-021**
Cap.: 400 ml
12 pcs. 5 905694 001201

TAR AND RESIN REMOVER

The product is intended for removing stubborn asphalt, tar and resin dirt from glass surfaces and coated elements. It is both efficient, quick, and safe in contact with car coating. Perfect for cleaning windshields, headlights, bumpers, spoilers, car body.

KTM: **19-108**
Cap.: 200 ml
24 pcs. 5 905694 008934

INSECT REMOVER

The product is intended for removing stubborn dirt from glass surfaces, as well as from painted, rubber and plastic elements. High efficiency and quick effects. Safe in contact with car coating.

KTM: **19-054**

8 pcs. 5 905694 018667

DETAILER QUICK DETAILER

Quick Detailer is a synthetic shiny finishing wax. It protects the coating against dust deposition, adds gloss and protection of the coating immediately. It extends durability of the applied wax and ceramic coats. It is suitable for waxing aluminum rims.

KTM: **19-625**
Cap.: 750 ml
8 pcs. 5 905694 018674

DETAILER LEATHER MILK

The product is intended for cleaning and maintenance of leather upholstery. Neutral pH safe for the cleaned surface. It contains natural avocado essential oil which makes the leather soft and elastic. It restores the natural colour of leather.

KTM: **19-626**
Cap.: 500 ml
8 pcs. 5 905694 018681

DETAILER LIQUID GLASS

High-quality coating designed for those who wants to enhance the gloss of the car paint and ensure its long-term protection. Owing to the coat, deposited dirt will be removed easier. Application is very easy, the product can be used on all car elements, including glass, plastic, rims, metals and rubber.

KTM: **19-627**
Cap.: 500 ml
8 pcs. 5 905694 020493

**DETAILER
CLEANING BRUSHES
SET 3 PCS.**

A set of brushes for cleaning very dirty places fixed to a screwdriver or drill. Three different sizes and shapes will help cleaning places that are easy and hard to reach. The brushes can be used for cleaning upholstery, mats and carpets. The brushes are made of medium hardness nylon.

KTM: **19-628**
18 pcs. 5 905694 020509

**DETAILER
CAR WASH MITT**

The mitt is designed for washing the car body. It perfectly adapts to the surface so you can clean all nooks. It is made of soft fibres, prevents scratching while washing. It does not slip from the hand.

KTM: **19-629**
40 pcs. 5 905694 020516

**DETAILER
WAX APPLICATOR**

Sponge designed for even application of waxes and products that require precise application. It can be used on painted, rubber, plastic, vinyl and leather surfaces. The soft foam structure does not scratch the coating.

KTM: **19-630**
240 pcs. 5 905694 020523

**DETAILER
PREMIUM MICROFIBRE
600 G - 60X40 CM**

Fluffy and very absorbent microfiber with long and dense fibres. A good choice for running-in waxes, cleaning and refreshing the car interior. Stitched edges protect the paint against scratching. Dimensions 60x40 cm.

KTM: **19-631**
40 pcs. 5 905694 020530

technical

chemistry

TECMAXX®

www.amtra.co

The Tecmaxx technical product line offers a wide variety of products for both amateur and professional users. The Tecmaxx product selection includes various greases, technical vaseline, universal and technical cleaner, degreasers, compressed air, as well as stainless steel, fireplace and grill cleaning products.

SILICONE GREASE

Lubricant for precision elements. Resistant to high and low temperatures and water. Application: metal, plastic, rubber, wood.

KTM: **14-001**
Cap.: 250 ml

24 pcs. 5 905694 015314

WHITE GREASE

Ensures long-lasting lubrication. A grease with high penetrating properties. Resistant to rinsing and temperature. It does not drip off vertical surfaces.

KTM: **14-002**
Cap.: 200 ml

24 pcs. 5 905694 015321

PTFE GREASE

PTFE particles effectively adhere to metals, reduce friction and increase resistance to corrosion. Resistant to salt and water.

KTM: **14-016**
Cap.: 400 ml

24 pcs. 5 905694 016526

KTM: **14-003**
Cap.: 200 ml

24 pcs. 5 905694 015338

COPPER GREASE

It protects metal parts working at a high temperature against corrosion and thermal distortion. It reduces friction of metal parts, protects bearings, corroded nuts and screws, protects against thermal distortion in extreme conditions.

KTM: **14-004**
Cap.: 200 ml

24 pcs. 5 905694 015345

PENETRANT

Gives quick and strong effect. It cleans and loosens seized parts. Water resistant.

KTM: **14-005**
Cap.: 250 ml

24 pcs. 5 905694 015352

TECHNICAL VASELINE

High-quality protective agent. A lubricant for all lightly loaded mechanisms. It protects battery clamps against oxidation.

KTM: **14-007**
Cap.: 200 ml

24 pcs. 5 905694 015376

PADLOCK AND LOCK LUBRICANT

Product for all types of locks and padlocks. Prevents from blocking. Defrosts instantly, lubricates and preserves.

KTM: **14-008**
Cap.: 100 ml

24 pcs. 5 905694 015383

MACHINE GREASE

Strengthened grease resistant to high loads, pressure, vibrations, shaking and centrifugal forces. It has strong penetrating properties so it penetrates deeply without the need to disassemble. Intended for machine parts and moving elements.

KTM: **14-013**
Cap.: 250 ml

24 pcs. 5 905694 015451

LITHIUM GREASE LT-43

Water resistant grease of high mechanical stability. It lubricates mechanical elements, rolling and slide bearings, etc. perfectly.

KTM: **14-015**
Cap.: 400 ml
12 pcs. 5 905694 015475

GATE GREASE WITH APPLICATOR

Product used for lubrication, maintenance and protection against moisture and corrosion. It is suitable for all types of gates: traditional, vertical tilt, roller-shutter, sliding and leaf gates. It improves the operation of hardly operating mechanisms.

KTM: **14-022**
Cap.: 400 ml
12 pcs. 5 905694 017363

CUTTING AND DRILLING OIL

Cutting and drilling oil is used to cool and lubricate during drilling, cutting, lathework and bending. It is suitable for working of alloyed and unalloyed steel, cast iron, chromium-nickel alloys, copper, titanium, aluminum and its alloys.

KTM: **14-030**
Cap.: 400 ml
12 pcs. 5 905694 017141

MACHINE GREASE

Multi-purpose grease. Resistant to temperature from -10°C to +60°C and resistant to water. It forms a layer protecting against moisture, temperature and contamination. For lubrication of plain bearings and other friction surfaces - except for bearings rolling.

KTM: **14-023**
Cap.: 500 ml
12 pcs. 5 905694 017394

BEARING LUBRICANT

Lubricant for rolling and slide bearings, other friction surfaces operating under normal conditions, in the temperature range from -30°C to +130°C. Water resistant.

KTM: **14-024**
Cap.: 500 ml
12 pcs. 5 905694 017400

THREADLOCKER BLUE

Thread-locking fluid, medium force. Prevents loosening of joints. Seals joints. Prevents corrosion.

KTM: **14-033**
Cap.: 6 ml
12 pcs. 5 905694 017745

KTM: **14-035**
Cap.: 10 ml
12 pcs. 5 905694 019251

THREADLOCKER RED

Thread-locking fluid, strong force. Prevents loosening of joints. Seals joints. Prevents corrosion. Withstands high loads.

KTM: **14-034**
Cap.: 6 ml
12 pcs. 5 905694 017738

KTM: **14-036**
Cap.: 10 ml
12 pcs. 5 905694 019268

GRAPHITE GREASE

Grease with the addition of graphite. Highly resistant to water and temperature. It protects against rust and corrosion.

KTM: **14-025**

Capacity: 50 g

12 pcs.

5 905694 017172

SILICONE GREASE

For various types of surfaces, e.g. plastics, rubber, wood. It creates a coat of unique durability, ensures maximum reduction of friction and long operation of protected devices. Resistant to water.

KTM: **14-026**

Capacity: 50 g

12 pcs.

5 905694 017189

COPPER GREASE

A multi-purpose agent that can be used in the most difficult conditions. Resistant to temperatures from -30°C to 1200°C. For lubrication of bolts, nuts, threaded connections and any matching surfaces, pipe fittings, etc.

KTM: **14-027**

Capacity: 50 g

12 pcs.

5 905694 017196

SYNTHETIC GREASE

Multi-purpose grease for very difficult conditions. It is highly water resistant. For use in industries with difficult working conditions (moisture, loads, high temperature, dust, etc.).

KTM: **14-028**

Capacity: 50 g

12 pcs.

5 905694 017202

LITHIUM GREASE

Multi-purpose grease for lubrication of elements and systems in industrial, agricultural vehicles and cars. It ensures effective lubrication even under the harshest operating conditions. Resistant to water and oxidation.

KTM: **14-029**

Capacity: 50 g

12 pcs.

5 905694 017165

HOUSE & GARDEN CLEANING

STICKER REMOVER

Easily removes stickers, labels and adhesive residues from doors, windows, PVC and textiles. It also effectively removes resin, tar, soot, grease, oil, ink, etc.

KTM: **14-039**

Capacity: 250 ml

12 pcs.

5 905694 019879

DEGREASER

Agent removing greasy dirt. It dissolves old greasy sediments such as oils and lubricants, removes dirt layers perfectly.

KTM: **14-009**

Capacity: 1 L

12 pcs.

5 905694 015390

GRILL CLEANER

Agent with a very strong effect. Removes burnt-in fat and smoke. Dissolves and removes burnt-on food.

KTM: **14-011**

Capacity: 650 ml

12 pcs.

5 905694 015413

ANTI-SPOT

Very effective and efficient agent. It removes stubborn, water-insoluble dirt when applied topically. Removes chewing gums, adhesives, tar and bitumen, resins, copier and stamp ink, candle wax, residues of labels, stickers, self-adhesive foils, traces of shoes and tyres.

KTM: **14-040**

Capacity: 250 ml

12 pcs.

5 905694 020318

FIREPLACE CLEANING FOAM

Foam for windows and fireplace inserts. Removes smoke, burnt wood deposits, soot, tar compounds and burnt-on fat perfectly.

KTM: **14-012**

Capacity: 650 ml

12 pcs.

5 905694 015420

COMPRESSED AIR

An agent of a comprehensive range of application. It blows away dust and other contamination of hard-to-reach places.

KTM: **14-018**

Capacity: 400 ml

15 pcs.

5 905694 016557

CONTACT CLEANER

A product cleaning and protecting electrical contacts and connectors. Facilitates engine ignition, ensures proper work of electric installation.

KTM: 14-006

Cap.: 250 ml

24 pcs. 5 905694 015369

UNIVERSAL CLEANER

Cleans and degreases. It prepares surfaces before bonding. Perfectly removes any greasy stains and tar, asphalt, synthetic resins, etc.

KTM: 14-014

Cap.: 600 ml

24 pcs. 5 905694 015468

TECHNICAL CLEANER

Washing and cleaning agent for dirt in garage, workshop and other spaces. It removes burnt oil, carbon deposits, grease and other stubborn dirt.

KTM: 14-010

Cap.: 650 ml

12 pcs. 5 905694 015406

STAINLESS STEEL CLEANING AGENT

An easy-to-use agent intended for cleaning surfaces and elements made of stainless steel and aluminum. It degreases perfectly. It prepares surfaces for further work.

KTM: 14-017

Cap.: 650 ml

12 pcs. 5 905694 016533

ALUMINUM CLEANER

Product intended for cleaning and degreasing surfaces made of aluminum and its alloys. It can also be used to clean surfaces made of other metals.

KTM: 14-019

Cap.: 1 L

12 pcs. 5 905694 016977

ENGINE CLEANER

Very strong and effective product intended for washing engines and car components. It removes oils and lubricants from the cleaned surfaces and other persistent dirt perfectly and quickly.

KTM: 14-020

Cap.: 1 L

12 pcs. 5 905694 016984

NEUTRAL CLEANER

Universal washing and cleaning agent. Degreases and washes tools, garden equipment, car parts and elements made of plastic.

KTM: 14-021

Cap.: 1 L

12 pcs. 5 905694 016991

winter

offer

www.amtra.co

The AMTRA offer of winter cosmetics includes winter windshield wiper fluid and windscreen defrosters. The offer also includes: a lock de-icer, specialist preparations for car seal maintenance, and products boosting engine startup at low temperatures.

DE-ICER

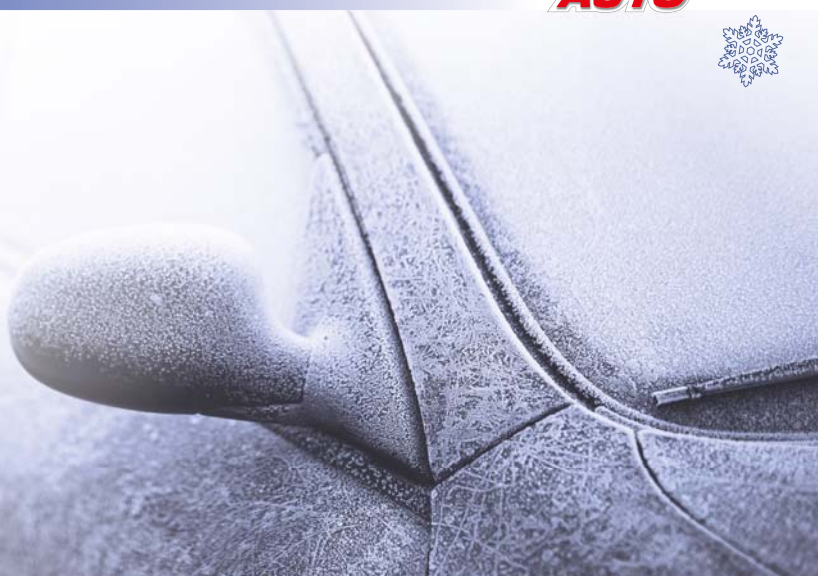

**MOJE
AUTO**

WINDSHIELD DE-ICER

Removes ice and snow from exterior windshields. It works instantly (in 5 seconds). Effective at temperatures to -50°C . Leaves no streaks. It can be used to defrost locks.

KTM: **25-011**
Cap.: 650 ml
12 pcs.

WINTER WASHER FLUIDS

WINTER WASHER FLUID

Removes frost, salt, slush and other dirt. Prevents the spray nozzles from freezing. Ensures protection up to -20°C . It has a pleasant sea scent.

KTM: **71-006**
Capacity: 5 L
108 pcs.

WINTER WASHER FLUID CONCENTRATE

Removes frost, salt, slush and other dirt. Prevents the spray nozzles from freezing. Ensures protection up to -80°C . It has a pleasant sea scent.

KTM: **25-025**
Capacity: 1 L
6 pcs.

OTHER WINTER PRODUCTS

DIESEL DEPRESSANT

Lowers the melting point of diesel fuel. It prevents the formation of paraffin crystals and thickening of the oil at low temperatures. It is sufficient for 500/1000 L of diesel fuel. Improves ignition at low temperature. Removes deposits and carbon deposits from the fuel system. Effective at temperatures up to -40°C .

KTM: **25-014**
Cap.: 500 ml
24 pcs.

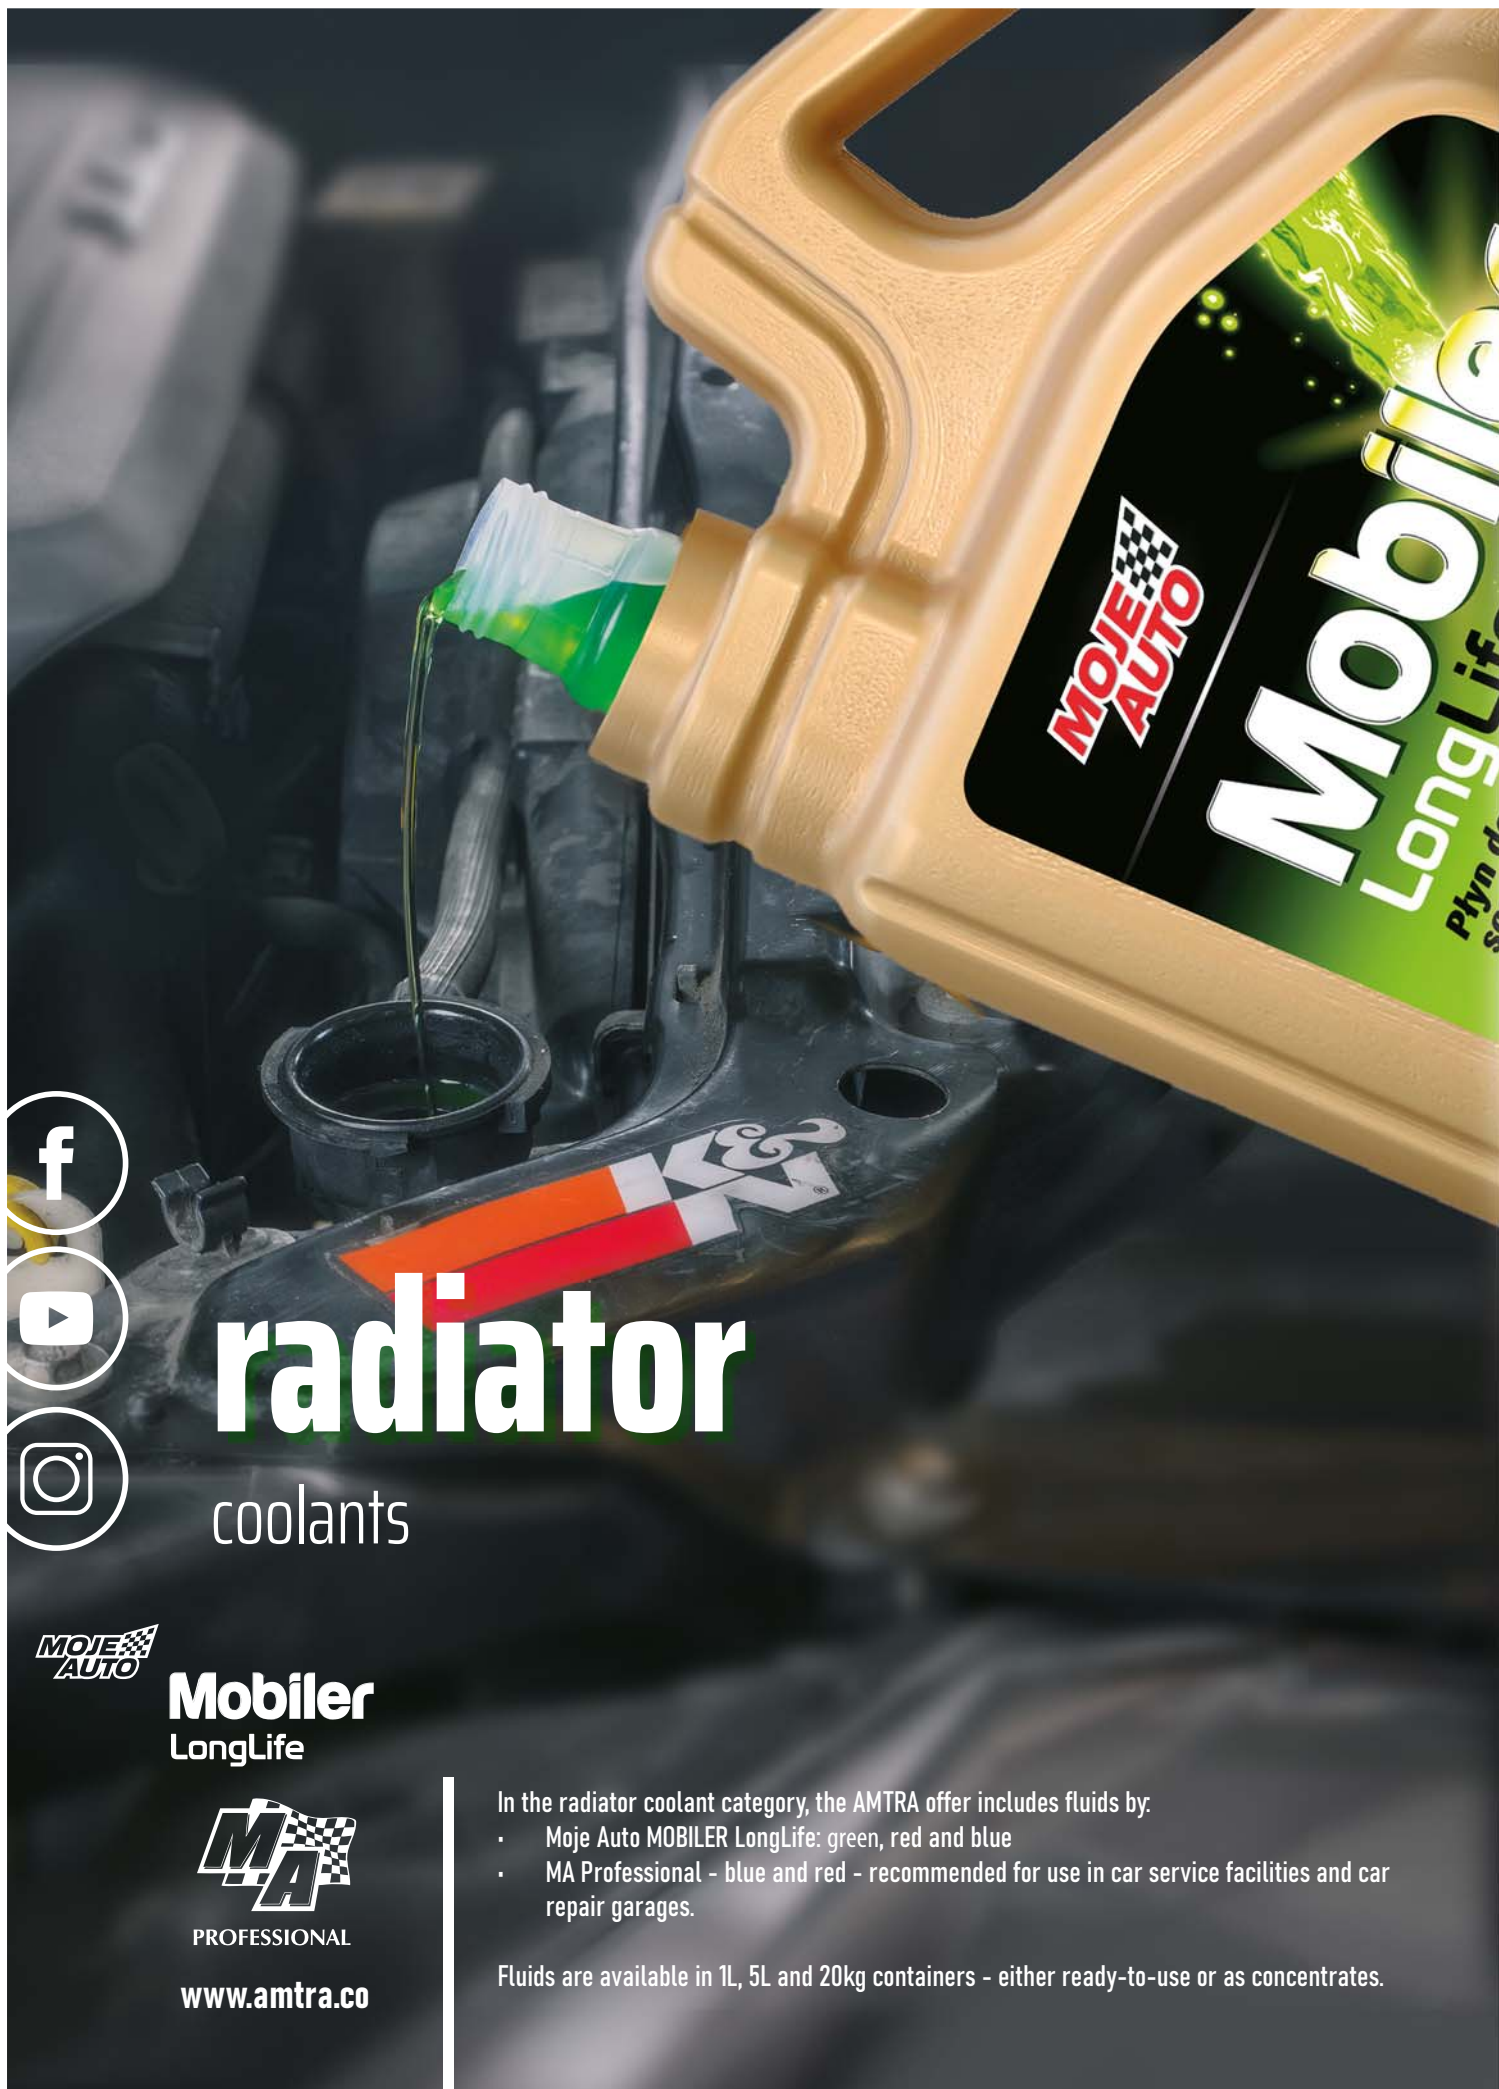

LOCK DE-ICER

It defrosts, lubricates and preserves. It works instantly. It prevents re-freezing. It has anti-corrosive properties.

KTM: **25-013**
Cap.: 50 ml
20 pcs.

radiator

coolants

Mobiler
LongLife

PROFESSIONAL

www.amtra.co

In the radiator coolant category, the AMTRA offer includes fluids by:

- Moje Auto MOBILER LongLife: green, red and blue
- MA Professional - blue and red - recommended for use in car service facilities and car repair garages.

Fluids are available in 1L, 5L and 20kg containers - either ready-to-use or as concentrates.

Coolant

MOJE AUTO MOBILER LongLife

Moje Auto Mobiler LongLife is a modern car radiator coolant - ready to use or concentrated, with high performance parameters. It can be mixed with other radiator liquids based on ethylene glycol regardless of the color.

- Guarantees optimal working temperature in any conditions - unique composition protects the engine from overheating in the summer and prevents the fluid from freezing in the system in the winter.
- Excellent performance up to max 35°C - "ready to use" fluid.

- For all types of radiators - the product is intended for use in radiators made of aluminum and other metal alloys.
- Full engine protection - a special package of anti-corrosive and refining additives prevents the cooling system from corroding, thus guaranteeing the long and effective function of the engine.
- Comfort and ease of use - an in-built, convenient spout for pouring the coolant to the radiator (5L jerry can).
- Available in: green, blue and red G12.

car accessories

VIRAGE

www.amtra.co

MA VIRAGE are car accessories - the next brand in the Moje Auto product family. The brand offers its users the sense of safety, comfort and order when traveling by car. The complete offer includes about 120 products - divided into 6 categories:

- bulbs
- wipers
- safety
- season
- tools
- accessories

Car-Lum bulbs are designed for use in headlights of cars, motorbikes and other vehicles in traffic. Each bulb is tested electronically before packing.

Properties:

- +30% in the light coverage range
- +20% in light intensity
- +20% in lighting duration

MOJE AUTO VIRAGE, HYBRID Series Hybrid wiper + 9 adapters

Hybrid car wipers are low-profile elements with the blade fully covered and integrated with the arm. Most of all, hybrid wipers have the advantages of both conventional and frameless wipers. Owing to them, the driver

can enjoy quiet operation, excellent pressure and very low losses caused by the rush of air while driving.

HYBRID Series:

- fit 95% of car models
- even pressure, aerodynamic shape
- Teflon-coated rubber
- 9 adapters

MOJE AUTO VIRAGE, HYBRID U Series Hybrid windshield wiper with a "U" adapter.

Hybrid car wipers are low-profile elements with the blade fully covered and integrated with the arm. Most of all, hybrid wipers have the advantages of both conventional and frameless wipers. Owing to them, the driver

can enjoy quiet operation, excellent pressure and very low losses caused by the rush of air while driving.

HYBRID U Series:

- even pressure
- aerodynamic shape
- Teflon-coated rubber

MOJE AUTO VIRAGE, Series of FRAMED WIPERS

An universal, framed wiper

High-quality universal conventional wiper blade. Fits both passenger cars and delivery trucks. The wiper blade is made of natural rubber. The frame is made of thick galvanized steel covered with a layer protecting from UV radiation and corrosion. Wipers ensuring good visibility all year round. The wiper works along its entire length in both directions owing to the metal joints ensuring excellent pressure against the

windshield. When they are longer than 53 cm, we apply as many as 8 pressure points. Fifteen different lengths from 27 cm up to 65 cm! The features of the universal, framed wiper series are: excellent visibility all year long, resistance to corrosion and UV light, even pressure at the entire length, no smudges in both directions.

UNIVERSAL, FRAMED WIPER :

- excellent visibility all year long,
- resistance to corrosion and UV light,
- even pressure at the entire length,
- no smudges in both directions

MICROFIBER SPONGE

Designed to clean and maintain various car surfaces as well as surfaces at home and in the office. Absorbent and soft - ideal for washing car body, windows, mirrors. To be used wet or dry. Size: 15 x 10 x 4.5 cm.

KTM: **97-006**
50 pcs. 5 905694 020974

SYNTHETIC CHAMOIS 64 CM X 43 CM

The microfiber towel perfectly dries the car body. Super soft and absorbent - absorbs water perfectly. It does not scratch the car body. Dimensions: 64 x 43 cm.

KTM: **97-032**
50 pcs. 5 905694 020479

WATER SQUEEGEE TOP DRY

Intended to remove water from windshields and car bodies. Also used to remove water from shower stalls.

KTM: **97-002**
30 pcs. 5 905694 011125

RUBBER BLADE ICE SCRAPER

Designed for removing snow and ice from the car.

KTM: **97-013**
20 pcs. 5 905694 011231

MURSKA SCRAPER WITH A BRASS BLADE, SHORT

Designed for removing snow and ice from the car.

KTM: **97-021**
25 pcs. 6 417261 057522

MURSKA SCRAPER WITH A BRASS BLADE, 580 MM LONG

Designed for removing snow and ice from the car.

KTM: **97-024**
20 pcs. 6 417261 058055

UNIVERSAL WINDSHIELD COVER SILVER
200X70 CM

Universal cover - for every season of the year. In winter, it protects car windshields against frost, ice and snow. In summer, it protects against excessive heating of the car interior. The cover can also be used as a thermal blanket. It has mounting ears protecting against theft. Dimensions: 200 cm x 70 cm (size with eyes).

KTM: **97-007**
50 pcs. 5 905694 011170

UNIVERSAL WINDSHIELD GUARD COLOURED
130X60 CM

It protects the car interior from heating up. The sunshade can be used as a thermal mat. Its colourful theme additionally decorates the front windshield. The sunshade is attached to the windshield with rubber suction cups - inside. Dimensions: 130 cm x 60 cm.

KTM: **97-011**
36 pcs. 5 905694 011217

CAR SUN WINDOWS SUNSHADE 2 PCS.

It protects from sunlight. The set includes two suction cups. Dimensions: 440 mm.

KTM: **97-012**
10 pcs. 5 905694 011224

BRUSH/SCRAPER 30 CM

Designed for removing snow and ice from the car.

KTM: **97-014**
20 pcs. 5 905694 011248

BRUSH/SCRAPER 65 CM

Designed for removing snow and ice from the car. Comfortable handle.

KTM: **97-015**
10 pcs. 5 905694 011255

WASHING BRUSH WITH HOSE
QUICK COUPLER

Double-honed bristles. Unique bristle design with two lengths. Gently cleans the car body with no scratching. The sprayer in the grip tip can be used to water the garden.

KTM: **97-001**
18 pcs. 5 905694 011118

RIM BRUSH

Hand washing brush for rims and hubcaps. Made of hard bristles, it cleans rims and hubcaps effectively, also the ones with complicated shape.

KTM: **97-025**
6 pcs. 5 905694 018698

professional tool

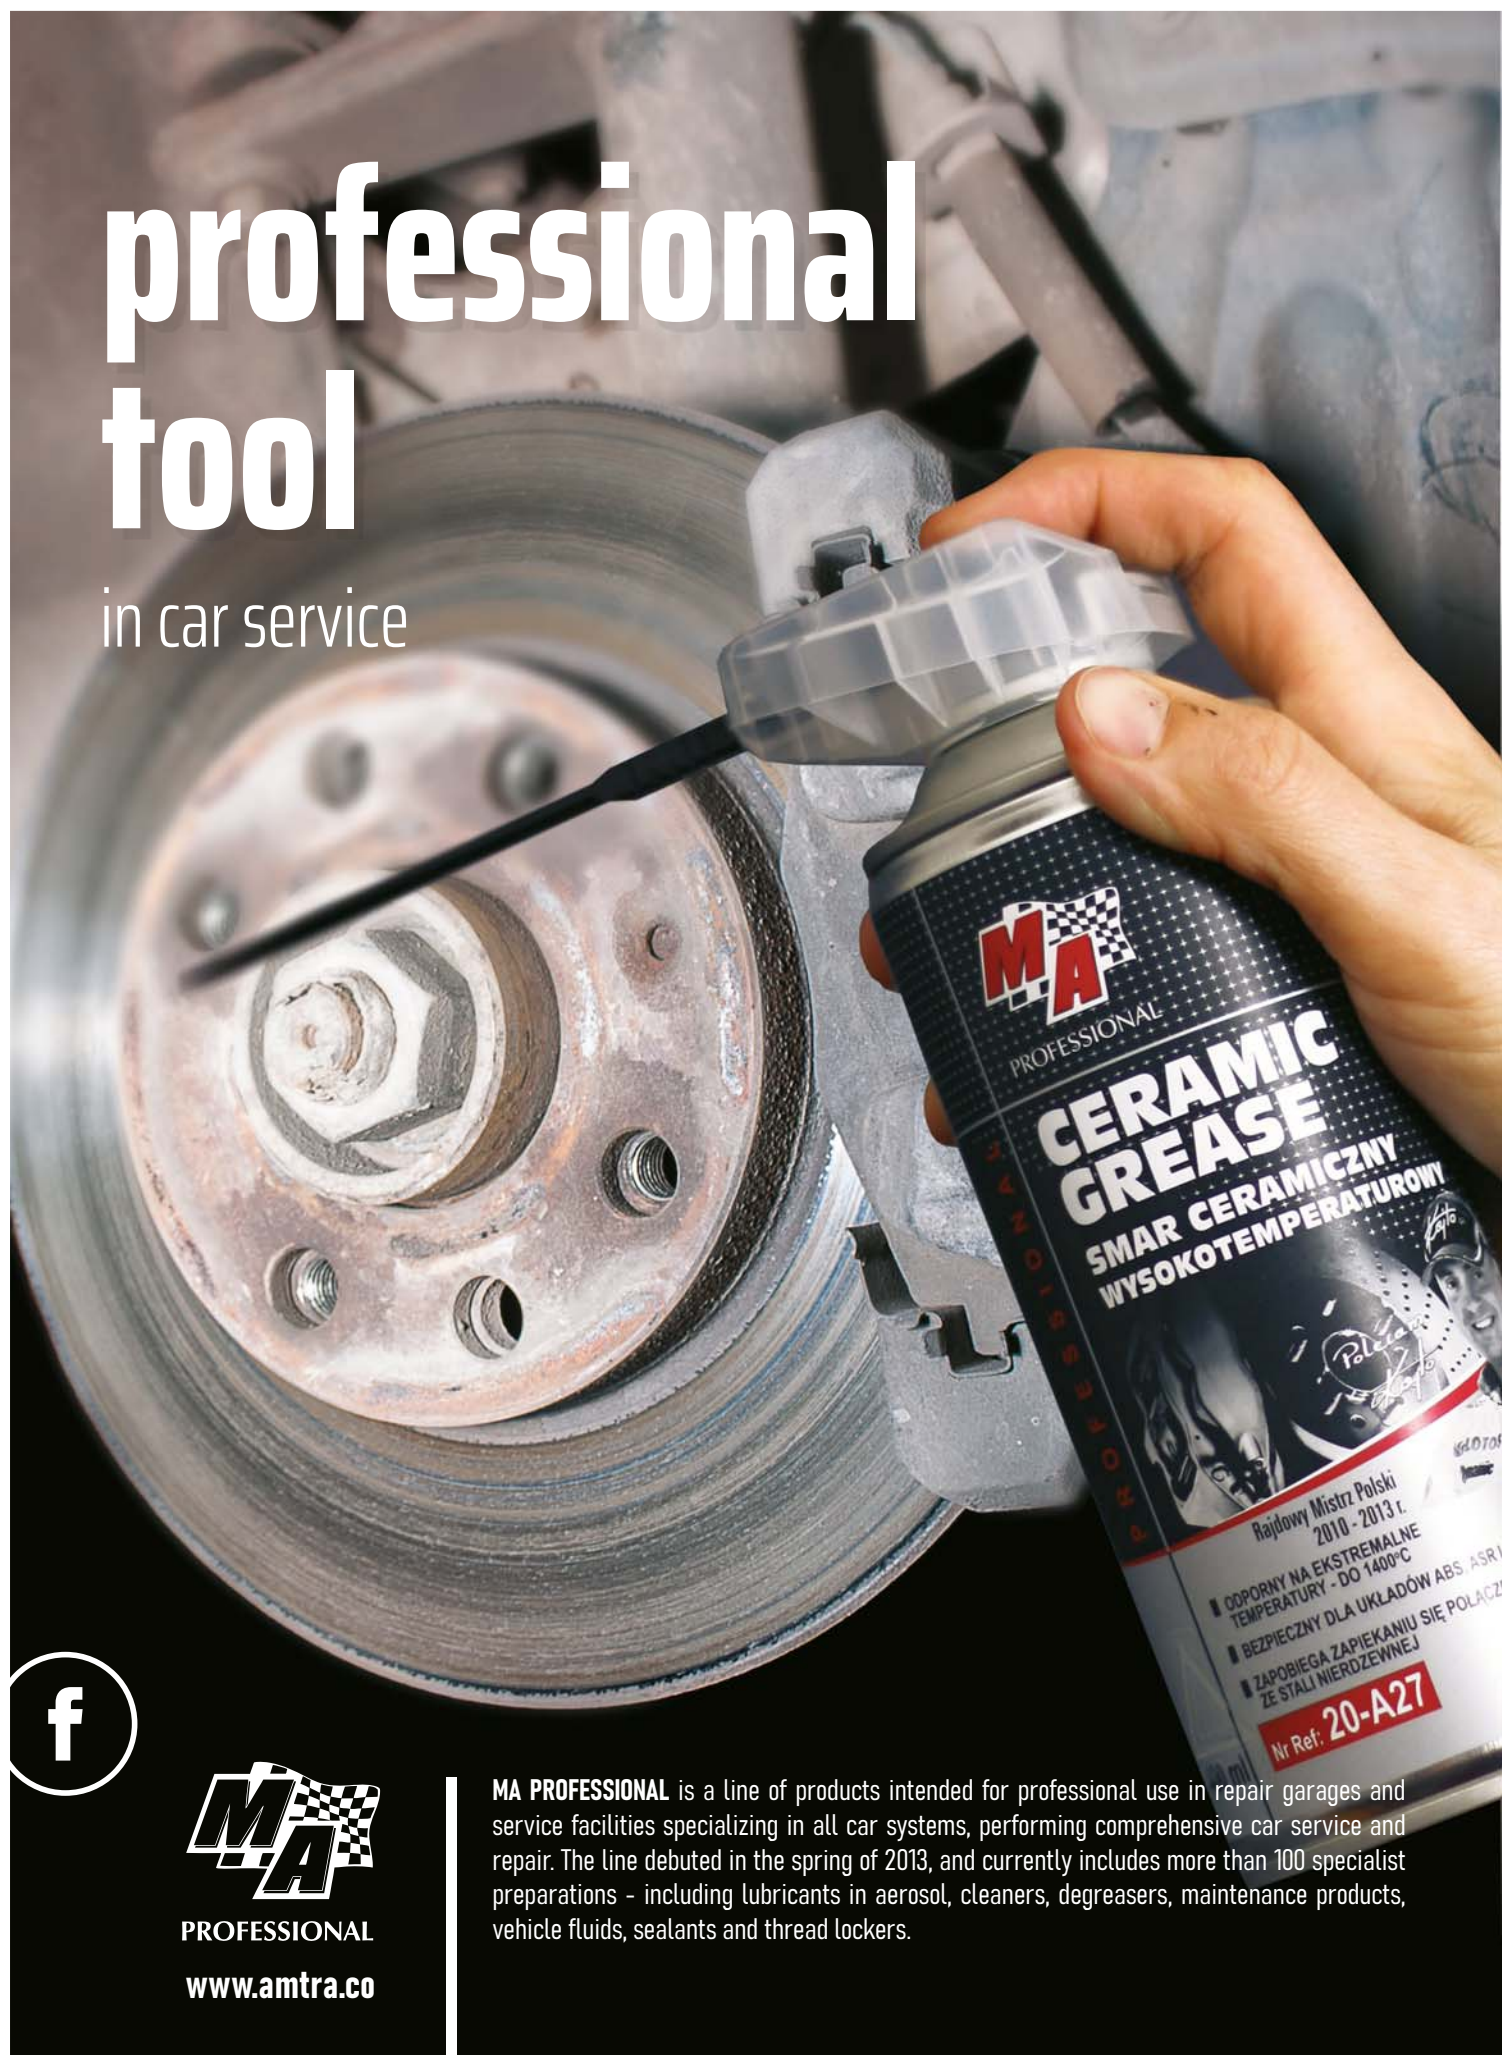

in car service

PROFESSIONAL

www.amtra.co

MA PROFESSIONAL is a line of products intended for professional use in repair garages and service facilities specializing in all car systems, performing comprehensive car service and repair. The line debuted in the spring of 2013, and currently includes more than 100 specialist preparations - including lubricants in aerosol, cleaners, degreasers, maintenance products, vehicle fluids, sealants and thread lockers.

ENGINE CLEANER

Removes oils and greases. It does not damage gaskets. Very effective.

KTM: **20-A33**

Capacity: 5 L

1 pc.

KTM: **20-A32**

Capacity: 1 L

12 pcs.

KTM: **20-A39**

Capacity: 20 L

1 pc.

ENGINE WASHER AND CLEANER ALU

Effectively removes heavy dirt from mechanical components of the engine compartment. Safe for aluminum, rubber and painted elements.

KTM: **20-A57**

Capacity: 1 L

12 pcs.

ENGINE CLEANER EXTRA STRONG

A very strong and effective agent for cleaning engines and components. It quickly dissolves and removes even the most burnt deposits, including carbon deposits, oils, greases and other stubborn dirt.

KTM: **20-B16**

Capacity: 1 L

12 pcs.

UNIVERSAL REMOVER

Highly effective, biodegradable detergent-based cleaner for various plastics, ceramics, painted surfaces and fabrics. Leaves the surface clean and fragrant.

KTM: **20-A55**

Capacity: 1 L

12 pcs.

EGR CLEANER

Cleans EGR valves and turbochargers. Removes carbon deposits and other dirt. Leaves no residues. Restores engine power. Reduces fuel consumption.

KTM: **20-A22**

Capacity: 400 ml

24 pcs.

EGR CLEANER

Extremely effective product removing very stubborn dirt deposited in EGR valves. It dissolves greasy and burnt soot hindering the proper functioning of the valve.

KTM: **20-A56**

Capacity: 650 ml

12 pcs.

DEGREASER

Safe for aluminum, ceramics, steel, glass, rubber. Recommended for washing parts of machines.

KTM: **20-A01**

Capacity: 1 L

12 pcs.

BRAKE CLEANER BRAKE DISCS CLEANING AGENT

Effectively cleans and degreases. Quickly evaporates from the cleaned surface.

KTM:	20-A06
Capacity:	5 L
	1 pc.
KTM:	20-A26
Capacity:	600 ml
	12 pcs.

KTM:	20-A107
Capacity:	30 L
	1 pc.

CARBURETOR CLEANER

Cleans carburetors and throttle valves. Removes carbon deposits and other dirt. Helps start the engine easier.

KTM:	20-A05
Capacity:	400 ml
	24 pcs.

THROTTLE BODY CLEANER

A very effective product for cleaning throttles and manifolds. It dissolves and removes burnt carbon deposits and others heavy dirt. Available with a special hose allowing for reaching throttles deep inside the system.

KTM:	20-B18
Capacity:	400 ml
	24 pcs.

CONTACT CLEANER

Cleans and protects contacts and electrical connectors. It ensures proper functioning of the electrical system.

KTM:	20-A04
Capacity:	250 ml
	24 pcs.
KTM:	20-A46
Capacity:	250 ml
	24 pcs.

DIESEL PARTICULATE FILTER CLEANER

Cleaning agent for DPF particulate filters located in the exhaust system. Dissolves and removes carbon deposits without the need to disassemble.

KTM:	20-A92
Capacity:	5 L
	1 pc.
KTM:	20-A90
Capacity:	400 ml
	12 pcs.

AIR FLOW SENSOR CLEANER

Quick-drying. It does not contain glycol or chlorine. Precise applicator.

KTM:	20-A50
Capacity:	250 ml
	24 pcs.

RADIATOR SEALANT

Effectively eliminates leaks. It does not clog channels of the cooling system. For all types of radiators and heaters.

KTM: **20-A41**
Capacity: 400 ml
12 pcs.

RADIATOR DESCALER

Cleans the cooling system quickly. It prevents the engine from overheating. For all types of radiators.

KTM: **20-A31**
Capacity: 400 ml
12 pcs.

POWER STEERING FLUID WITH STOP LEAK

Power steering fluid with sealant, eliminates fluid leaks effectively. Contains high-quality oil enriched with additives that regenerate old seals. Miscible with any other power-assisted steering fluid.

KTM: **20-A91**
Capacity: 300 ml
12 pcs.

UNDERBODY MAINTENANCE AGENT

Anti-corrosion coating based on bitumen and rubber protecting the underbody against stones, water and corrosion. It can also be used as a sound absorbing material, for instance on wheel arches, etc.

KTM: **20-B21**
Capacity: 1 L
6 pcs.

UNDERBODY MAINTENANCE AGENT

Anti-corrosion coating based on bitumen and rubber protecting the underbody against stones, water and corrosion. It can also be used as a sound absorbing material, for instance on wheel arches, etc.

KTM: **20-B22**
Capacity: 1 kg
6 pcs.

UNDERBODY MAINTENANCE AGENT

Protects the underbody and sills from stones. Prevents corrosion. Makes the underbody operate more quiet. Black colour.

KTM: **20-A09**
Cap.: 600 ml
24 pcs.

MAINTENANCE PRODUCT FOR BODY CLOSED PROFILES

Protects against moisture. Prevents corrosion. Protects close profiles.

KTM: **20-A30**
Cap.: 600 ml
20 pcs.

ENGINE FLUSH

Safe for all types of engines. Cleans quickly and effectively.

KTM: **20-A38**
Cap.: 400 ml
24 pcs.

RADIATOR DEGREASER

Removes oil from the cooling system. Prevents corrosion of the system. Safe for the whole cooling system.

KTM: **20-A47**
Cap.: 1 L
12 pcs.

HIGH TEMPERATURE CERAMIC GREASE

Resistant to extreme temperatures to +1400°C. Safe for ABS, ASR and ESP systems. Resistant to acids and water. It prevents mechanical connections from getting stuck. Special applicator enables precise application.

KTM: **20-A27**
Capacity: 400 ml
24 pcs. 5 905694 011408

PTFE GREASE

Reduces friction. Operates in the range from -40°C to +180°C. Resistant to water and salt. Special applicator enables precise application.

KTM: **20-A28**
Capacity: 400 ml
24 pcs. 5 905694 011415
KTM: **20-A70**
Capacity: 200 ml
24 pcs. 5 905694 013433

PENETRATING SILICONE LUBE

Waterproof. Protects from moisture. Special applicator enables precise application.

KTM: **20-A48**
Capacity: 400 ml
24 pcs. 5 905694 012238
KTM: **20-A67**
Capacity: 200 ml
24 pcs. 5 905694 013402

SILICONE LUBE

Thick silicone grease. It does not contain solvents. Completely safe for rubber and plastic elements.

KTM: **20-A08**
Capacity: 400 ml
24 pcs. 5 905694 009801

LUBRICANT MOS₂

Removes oxides. Penetrates strongly. Protects metals.

KTM: **20-A07**
Capacity: 400 ml
24 pcs. 5 905694 009795
KTM: **20-A71**
Capacity: 150 ml
24 pcs. 5 905694 013501

LUBRICANT MOS₂

Removes oxides. Penetrates strongly. Protects metals.

KTM: **20-A72**
Capacity: 250 ml
24 pcs. 5 905694 013518
KTM: **20-A73**
Capacity: 500 ml
24 pcs. 5 905694 013525

WHITE GREASE

It easily penetrates that are difficult to access, it does not drip from vertical surfaces. Displaces water and protects against corrosion. Lubricates and protects seat hinges, guides, etc.

KTM: **20-A03**

Capacity: 400 ml

24 pcs.

KTM: **20-A68**

Capacity: 200 ml

24 pcs.

COPPER GREASE SPRAY 1000°C

Water resistant. Protects against corrosion, prevents seizure of parts. Resistant to temperature from -40°C to +1000°C.

KTM: **20-A10**

Capacity: 400 ml

24 pcs.

KTM: **20-A69**

Capacity: 200 ml

24 pcs.

COPPER GREASE

Copper-based grease protecting metal components operating at high temperatures. Prevents seizure and blocking of mechanisms.

KTM: **20-A55**

Capacity: 500 g

12 pcs.

HIGH LOAD BEARING GREASE EP2

Effectively reduces the wear of bearings. Resistant to high temperatures from -30 to 180°C. Contains a special formulation of carefully selected additives which provide extraordinary anti-wear and anti-corrosive properties. Distinguished by its very high adhesion and resistance to water washing.

KTM: **20-A49**

Cap.: 400 ml

12 pcs.

CHAIN LUBE

Lubricant for motorcycle chains. Penetrates quickly, and then solidifies in the form of thick lubricating paste. Distinguished by its very high adhesion and resistance to water washing. Contains a special formulation of additives with extraordinary anti-wear and anti-corrosive properties. Suitable for O-rings, Z-rings, and X-rings.

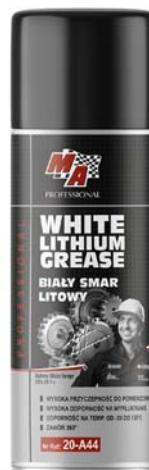

KTM: **20-A93**

Cap.: 400 ml

24 pcs.

WHITE LITHIUM GREASE

Multipurpose NLGI 2 grade lubricant. Owing to the white colour, it is well visible on the surface. Resistant to high pressure. Recommended for most bearings, moving joints and screws operating under normal load, used in devices and motor vehicles, in households and in industry. It lubricates, reduces wear and rejects water.

KTM: **20-A44**

Cap.: 400 ml

24 pcs.

HI TACK GREASE

Semi-synthetic, waterproof grease with additives that ensure excellent lubricating properties, long-term operation and anti-corrosion protection. It is characterised by a very high resistance to high pressure, impact shocks, vibrations and loads. Designed for the lubrication of highly loaded elements. It is resistant to temperatures ranging from -25°C to +220°C.

KTM: **20-B03**

Cap.: 400 ml

12 pcs.

INJECTOR GREASE

Special semi-synthetic grease for installation of injectors and glow plugs, and other applications exposed to very high temperatures. The product allows for easier disassembling of protected elements. The grease rejects moisture and protects against corrosion. Operating temperature: -40 to 1400°C.

KTM: **20-A102**

Cap.: 50 g

12 pcs. 5 905694 017882

BRAKE LUBE

Special grease for lubrication of moving parts in the brake system such as clamps, guides, pins and pistons during installation. It ensures proper functioning of the system. It prevents corrosion and seizure. Operating temperature: -40 to 220°C.

KTM: **20-A103**

Cap.: 50 g

12 pcs. 5 905694 017899

CERAMIC LUBE

Strongly adhesive ceramic grease resistant to extreme loads and temperatures up to 1400°C. It protects highly loaded elements exposed to weather conditions against wear. It protects metal elements against corrosion and the so-called electrolytic corrosion. It does not contain metals. Operating temperature: -40 to 1400°C.

KTM: **20-A104**

Cap.: 50 g

12 pcs. 5 905694 017905

HIGH LOAD BEARING GREASE EP2

High-performance bearing grease. Guarantees excellent lubricating properties. Reduces rolling friction. Effectively reduces bearing wear. Distinguished by its very high adhesion to surfaces and resistance to water washing. Operating temperature: -30 to 180°C.

KTM: **20-A105**

Cap.: 50 g

12 pcs. 5 905694 017912

TABLE OF PROPERTIES OF MA PROFESSIONAL LUBRICANTS

KTM	Product	Penetration	Lubrication	Resistance to weather conditions	Resistance to temperature	Additional functions	Typical applications
20-A03 20-A68	White grease	medium	high	high	up to 120°C		Door hinges, seat rails door stoppers
20-A07 20-A71	MoS ₂ rust remover	very high	medium	low	below 100°C		Screw and component disassembly
20-A08	Silicone grease	medium	high	medium	up to 160°C	Non-solvent, safe for rubber	Setting of rubber hoses on metal nipples, protection of rubber seals
20-A10 20-A69	Copper grease	medium	high	medium	up to 1000°C	Prevents seizing	Wheel hub pins, screws in the exhaust system
20-A27	Ceramic grease	low	high	high	up to 1400°C	Prevents seizing, safe for use with aluminum	Greasing elements in the braking system, such as calipers, pivots
20-A28 20-A70	PTFE grease	high	high	high	up to 120°C		Lubrication of various mechanic chains
20-A48 20-A67	Penetrating Silicone Grease	very high	medium	medium	up to 100°C		Greasing of small elements
20-A58	Copper grease, high temp.	very low	high	very high	up to 1000°C	Prevents seizing	Manifold mounting screws, screws in the exhaust system, hub pins
20-A49	High-performance bearing grease EP2 400 ml	low	high	high	up to 180°C		Lubrication of bearings
20-A93	Grease for motorcycle chains 400 ml	high	high	high	up to 120°C		Lubricant for motorcycle chains
20-A44	White lithium grease	medium	high	high	up to 150°C		Hinges, doors, locks, engine and trunk covers

SEALANTS AND ADHESIVES

PROFESSIONAL

RED HI-TEMP SILICONE GASKET MAKER

Replaces traditional gaskets. Safe for oxygen sensors. Resistant to high temperatures to +343°C.

KTM: **20-A35**

Capacity: 290 g

12 pcs. 5 905694 011521

KTM: **20-A12**

Capacity: 85 g

12 pcs. 5 905694 009863

KTM: **20-A17**

Capacity: 32 g

12 pcs. 5 905694 010029

BLACK HI-TEMP SILICONE GASKET MAKER

Replaces traditional gaskets. Safe for oxygen sensors. Resistant to high temperatures to +329°C.

KTM: **20-A34**

Capacity: 290 g

12 pcs. 5 905694 011514

KTM: **20-A11**

Capacity: 85 g

12 pcs. 5 905694 009856

KTM: **20-A16**

Capacity: 32 g

12 pcs. 5 905694 010012

GREY HI-TORQUE SILICONE SEALANT GREY 399°C - 32 G "ACETIC-FREE"

Replaces traditional gaskets. Safe for oxygen sensors. Resistant to high loads and temperatures to +399°C. Acetic-free.

KTM: **20-A18**

Capacity: 32 g

12 pcs. 5 905694 010036

KTM: **20-A13**

Capacity: 85 g

12 pcs. 5 905694 009870

SPRAY ADHESIVE

It glues various materials permanently and quickly. Water-proof and flexible.

KTM: **20-A37**

Cap.: 400 ml

24 pcs. 5 905694 011583

EXHAUST SYSTEM CEMENT

Solidifies quickly. Eliminates exhaust blow-by. Mutes the exhaust system.

KTM: **20-A53**

Cap.: 150 g

12 pcs. 5 905694 012337

BLACK AUTOMATIC SILICONE GASKET MAKER

Black silicone sealant used to form permanent seals of mechanical components. Automatic pressure container facilitates spreading of the sealing mass. Resistant to temperature to 260°C.

KTM: **20-A97**

Cap.: 200 ml

12 pcs. 5 905694 017639

FUEL TANK REPAIR KIT

Repair mass for quick and permanent repair of damaged/perforated metal fuel tanks. When solidified, it is highly resistant to gasoline and diesel fuel.

KTM: **20-B15**

Cap.: 56 g

12 pcs. 5 905694 020257

EPOXY ALUMINIUM REPAIR

Repair mass for quick and permanent repair of damaged/cracked elements made of.

KTM: **20-B17**

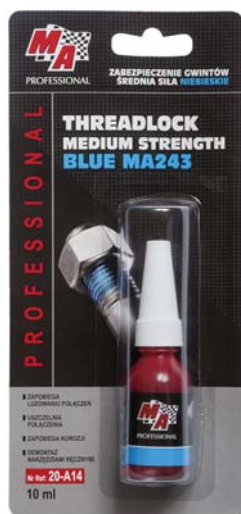

Cap.: 56 g

12 pcs. 5 905694 020585

PROFESSIONAL

SEALANTS AND ADHESIVES

THREADLOCK MEDIUM STRENGTH
BLUE MA243

Prevents loosening of connections. Seals joints. Prevents corrosion.

KTM: 20-A14

Cap.: 10 ml

12 pcs. 5 905694 010043

THREADLOCK HIGH STRENGTH
RED MA262

Prevents loosening of connections. Seals joints. Prevents corrosion. Withstands high loads.

KTM: 20-A15

Cap.: 10 ml

12 pcs. 5 905694 010050

THREADLOCK MEDIUM STRENGTH
BLUE MA243

Prevents loosening of connections. Seals joints. Prevents corrosion.

KTM: 20-A88

Cap.: 6 ml

12 pcs. 5 905694 015109

THREADLOCK HIGH STRENGTH
RED MA262

Prevents loosening of connections. Seals joints. Prevents corrosion. Withstands high loads.

KTM: 20-A89

Cap.: 6 ml

12 pcs. 5 905694 015116

THREADLOCKER BLUE

Prevents loosening of connections. Seals joints. Prevents corrosion.

KTM: 20-B01

Cap.: 10 ml

12 pcs. 5 905694 018711

THREADLOCKER RED

Prevents loosening of connections. Seals joints. Prevents corrosion. Withstands high loads.

KTM: 20-B02

Cap.: 10 ml

12 pcs. 5 905694 018728

THREADLOCKER BLUE

Prevents loosening of connections. Seals joints. Prevents corrosion.

KTM: 20-A96

Cap.: 50 ml

12 pcs. 5 905694 017516

THREADLOCKER RED

Prevents loosening of connections. Seals joints. Prevents corrosion. Withstands high loads.

KTM: 20-A95

Cap.: 50 ml

12 pcs. 5 905694 017509

COLD WELDING COMPOUND 4 MINUTES

Strong as steel. Solidifies quickly - 4 minutes. Suitable for mechanical machining.

KTM: **20-A40**

Cap.: 56 g

12 pcs. 5 905694 011873

EPOXY METAL 5 MIN

Solidifies quickly (5 minutes). Resistant to over 170 standard atmospheres. When it solidifies, it can be processed mechanically.

KTM: **20-A43**

Cap.: 25 ml

12 pcs. 5 905694 011989

GREY POWER PLASTIC EXTREME

Methacrylate structural adhesive for very strong bonding / filling of numerous materials. Resistant to weather conditions and temperatures from -40°C to +180°C.

KTM: **20-A99**

Cap.: 25 ml

12 pcs. 5 905694 017837

BLACK POWER PLASTIC EXTREME

Methacrylate structural adhesive for very strong bonding / filling of numerous materials. Resistant to weather conditions and temperatures from -40°C to +180°C.

KTM: **20-A100**

Cap.: 25 ml

12 pcs. 5 905694 017844

INSTANT STRUCTURAL ADHESIVE BLACK

Waterproof, quick-drying adhesive for permanent bonding of elements made of rubber, plastic and metal. Creates a very strong, moisture-resistant connection in several seconds.

KTM: **20-A108**

Cap.: 10 g

12 pcs. 5 905694 018247

INSTANT STRUCTURAL ADHESIVE

Bonds immediately (2 - 6 seconds). It has an applicator enabling precise dosage.

KTM: **20-A45**

Cap.: 10 g

12 pcs. 5 905694 012061

PLASTIC WELD GREY

Withstands over 270 standard atmospheres. Solidifies in 10 minutes. Works on joined surfaces.

KTM: **20-A42**

Cap.: 25 ml

12 pcs. 5 905694 011972

PLASTIC WELD BLACK

Withstands over 270 standard atmospheres. Solidifies in 10 minutes. Works on joined surfaces.

KTM: **20-A54**

Cap.: 25 ml

12 pcs. 5 905694 012795

DEFATEX

Has a strong degreasing effect. Safe for all surfaces.

KTM: **20-A02**
Capacity: 5 L
1 pc. 5 905694 009740

SUPER ACTIVE FOAM

Concentrated foaming agent for washing passenger car bodies. Combination of high performance with additives adding gloss to the paint, it produces excellent visual effects.

KTM: **20-A81**
Capacity: 5 kg
1 pc. 5 905694 013990

KTM: **20-A80**
Capacity: 1 kg
6 pcs. 5 905694 013983

DIMMEX 2-FAZE

Very concentrated foaming solution for preliminary and proper washing. Effectively dissolves and removes road dirt, fat, grease and other stubborn stains without the use of a brush or sponge.

KTM: **20-A84**
Capacity: 10 kg
1 pc. 5 905694 015963

KTM: **20-A82**
Capacity: 5 kg
1 pc. 5 905694 014072

ANTY-OIL

Dissolves grease and lubricants effectively. For daily care. For manual and machine washing.

KTM: **20-A19**
Capacity: 5 L
1 pc. 5 905694 009993

MOTO START

Effective even to -50°C . Safe for all types of engines. For petrol engines, diesel engines, motorcycles, lawn mowers, saws.

KTM: 20-A20

Cap.: 200 ml

5 905694 010128

24 pcs.

BRAKE FLUID DOT 4

Extends the system's service life. Increases safety. Universal.

KTM: 61-100

Cap.: 485 g

5 905694 010135

24 pcs.

LPG TESTER

For all gas media and air conditioning. Totally non-flammable. Works in an inverted position of 180° .

KTM: 20-A25

Cap.: 500 ml

5 905694 011385

24 pcs.

BELT DRESSING

Prevents the v-belt from slipping. Extends its lifetime. Eliminates squeaks. Increases the belt's effectiveness.

KTM: 20-A29

Cap.: 400 ml

5 905694 011439

24 pcs.

POWER STEERING FLUID

High-quality mineral oil intended for power steering systems of vehicles compliant with Dexron II D specification. Ensures proper operation of the pump.

KTM: 20-A78

Cap.: 1 L

5 905694 013914

12 pcs.

KTM: 20-A79

Cap.: 500 ml

5 905694 013921

12 pcs.

INJECTOR LOOSENER WITH PTFE

A product facilitating disassembly of injectors, glow plugs and other seized and corroded joints, with a freezing effect. It penetrates perfectly, and rapidly cools tight and corroded connections to facilitate their disassembly.

KTM: 20-A98

Cap.: 400 ml

5 905694 017646

24 pcs.

HAND CLEANER

A very effective paste gentle to the hands, with added abrasive to remove stubborn dirt from the hands. It does not dry out the skin owing to the content of skin care ingredients. It has undergone comprehensive dermatological tests required for cosmetics.

KTM: 20-A61

Cap.: 5 kg

5 905694 013273

1 pc.

KTM: 20-A60

Cap.: 500 g

5 905694 013266

12 pcs.

MAX HAND CLEANER

High-quality paste for cleaning very dirty hands, based on natural agents and woodchips. Contains cosmetic agents regenerating damaged hands. It has undergone comprehensive dermatological tests required for cosmetics.

KTM: 20-A62

Cap.: 500 g

5 905694 020271

12 pcs.

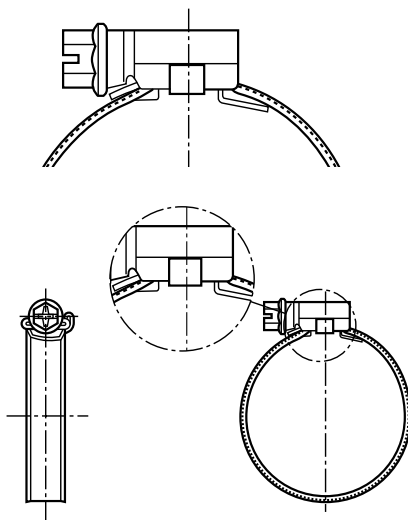

MA PROFESSIONAL HOSE CLIP

Thanks to a custom lock housing design, the MA Professional W2 clip for elastic hoses is characterized by excellent parameters, while maintaining very compact size.

The cold-formed ribbing combined with slightly elevated edges provides protection of the elastic hose against all damage. Made of corrosion-resistant AISI-430 steel (tape and lock housing), the clips are an attractive option for the automotive industry. Due to their high corrosion resistance and good plastic parameters, the rust-proof W2 hose clip is also very popular on other technical markets. The recommended mounting moment depends on the size of the clip and should be matched to the hose type and the connection geometry.

MATERIALS USED:

- **Screw:**
Qst 36-3 soft steel (DIN 1.0213)
Zinc-plated, with white-silver passivation (Cr3)
- **Tape and lock:**
X6Cr17 stainless steel (DIN 1.4016) (AISI-430)

CAR WASH PRODUCTS. CAR BODY & EXTERIOR ELEMENTS

Clinex[®]
EXPERT⁺

POLIWAX CAR POLYMER WAX FOR CAR BODY MAINTENANCE

Concentrated cationic hydro wax for long-lasting hydrophobic effect, high gloss and maintenance of coated surfaces. The excellent softening properties, even in very hard water, allow for quicker and more effective results. The antistatic substances effectively protect the coating against external factors. It does not leave plumes and stains on the surface. When applied after active foam, it facilitates rinsing and accelerates the time of drying the vehicle.

KTM: **40-065**

5 905694 002628

INSECT INSECT REMOVER

A product removing insects and organic dirt (tree sap, bird droppings, etc.) from the car body, windshields, headlights, bumpers. After rinsing, it does not leave streaks.

KTM: **40-021**

Cap.: 5 L

1 pc.

5 905694 002208

QUICK SHINE QUICK POLISHING WAX

Quick polishing wax. Quick synthetic wax protects the coating against dust deposition, adds shine and protection of the coating immediately. Deepens the natural colour of the paint and protects it against UV radiation.

KTM: **40-105**

Cap.: 5 L

6 pcs.

5 905694 013341

TYRES & RIMS

TYRE SHINE INTENDED FOR MAINTENANCE AND POLISHING OF TYRES

A product based on silicone for maintenance and adding gloss to rubber elements. Owing to its unique formula, it absorbs very quickly into the rubber surface, adding flexibility, preventing furrowing (exfoliation and discolouring). Adds the 'wet tyre' effect, and protects gaskets against freezing.

KTM: **40-073**

Cap.: 5 L

1 pc.

5 905694 002741

OTHER PRODUCTS

ALUM ALUMINUM WASHING AGENT

A slightly foaming cleanser for aluminum elements such as rims, sideboards, radiators, etc. A perfect remover of dirt, deposits from brake pads, water deposits and dirt caused by deposition of iron oxides.

KTM: **40-017**

Cap.: 5 L

1 pc.

5 905694 002161

ENGINE LIQUID FOR WASHING CAR ENGINES AND COMPONENTS

Owing to the content of organic solvents, it removes even the most stubborn dirt of oil and other petroleum products. Avoid using the product on hot surfaces. Do not use on painted elements.

KTM: **40-044**

Cap.: 650 ml

1 pc.

5 905694 002437

DASHBOARD WAX PREP. FOR CARE PLASTIC

Dashboard washing and care product. Washing and care product for car dashboards and other surfaces made of plastics, both inside and outside the vehicle. Adds some satin gloss to the cleaned surfaces, protecting them from the impact of UV. The product does not discolour the cleaned surfaces, and prevents dust settling owing to its antistatic properties.* Application: The product is intended for cleaning and care of plastic elements.

KTM: **40-108**
Cap.: 1 L
6 pcs. 5 905694 013242
